BSC Members,

I am really excited at how fast we are growing (over 50 members) in only the 1st full year. Looking ahead, I know that we want to be able to do more trips and activities in the coming weeks, months and years; but we need everyone's help to do so. Be sure to talk to your friends and family members about joining the Bordentown Ski Club. It's such a small investment and it really pays for itself in no time.

...And here is this week's Bordentown Ski Club News.

50% off Day for BSC at LANG'S

Bob Lang from Lang's Ski and Scuba has an incredible offer of 50% off most items on Wednesday, February 25th.

Please be sure to stop in and let them know you are a member of the club in order to receive the discounts. It's important that we all make it out to their shops even if we don't buy anything in order to RECEIVE THIS KIND OF OFFER IN THE FUTURE.

Also please don't ask for them to change the date or percentage off on merchandise. The owner explained to me that another ski club was making these request and he will no longer be offering them the discounts in the future. I'd hate for us to lose this deal.

Pelican Doesn't Honor It's Ad?

I was informed this weekend that several of you went to Pelican to donate blood at 10 a.m. on Saturday. Upon arriving you were told that donations were not going to be taken until 11 a.m.?

I checked both the emailed ad they sent me, and their website and both said 10 a.m. I would like to address this with the ski shop and see if they will honor their ad and supply those members who went to Pelican to give blood with free lift tickets.

If this happened to you please drop me an email with your name, the location, the time you went and which mountain you wanted the free lift ticket for. For the record I passed on the information they posted on their site and confirmed in an email to me.

Once I hear back from the members, I will take things up with Pelican.
