Bridges Resort Condos are located, a short shuttle bus ride to the lifts. Each unit features complete kitchen, color, cable TV, most units have washer/dryer, stereo/VCR & all have fireplace. Your stay includes a membership to the Sports Center with indoor pool, hot tub, sauna, and racquet sports. The Bridges has its own private bar & lounge area for your use after a day of skiing or riding, this is a great spot for the group to meet.

*Sugarbush Resort* excels in great snow and varying terrain. In addition to the natural snow that Sugarbush gets, the snowmaking system is continually being improved. Sugarbush features a high-speed quad connecting its two mountains. Because of the improved lifts the capacity for moving people has dramatically increased which takes out lines and gives skiers and riders much more vertical on Sugarbush's 115 trails and glades. Skiers and riders have long been in love with Mt. Ellen's lofty 4135' summit and its 2650' vertical drop. Now, thanks to the addition of the resort's new Green Mountain Express, a Poma high-speed detachable quad, guests have the fastest access to those great heights and superb terrain n Sugarbush's history.
